STATEMENT BY GOVERNOR JAN BREWER

On the death of Mr. Jack Pfister

"I was saddened to learn of the passing of Jack Pfister, a special friend of mine for more than 25 years. But he was, of course, more than that. He was a vital part of Arizona, a towering force, certainly instrumental in bringing water to the Valley through the Central Arizona Project. He led the Salt River Project, and indeed every civic group and organization on which he served, with quiet skill and uncommon wisdom. My thoughts and prayers are with his family, and I will forever treasure his friendship."
